## 500 Park Plaza

Arch. Drawing

This house has entrances on both Hedge Street & Park Plaza, but the Hedge Street facade appears to be the principal one. The house is a typical one-story 1950's "rancher", 4 bays wide & double-pile, set on a high ~~founda~~ brick foundation.

The walls are veneered with brick laid in stretcher bond. The medium-pitched gabled roof is covered with composition shingles & has projecting eaves, close eaves, & a boxed cornice. There is an exterior end chimney at the western end of the house. The double-sash windows have 2 horizontal lights in each sash. They have lowered shutters. ~~There is~~ In the western bay of the facade, there is a picture window flanked by narrow ~~wide~~ double-sash windows. The entrance in the second bay has a stoop with wrought iron balustrade & concrete floor & steps.

~~Head of Survey~~
