That is so funny . I know Harry Lewis really well. I absolutely agree to move the barber pole along to Harry's Building, which houses the Cavalier Barber Shop. Got in touch with business owner and told him how to find items online to refurbish. Mary

Thank you.

Hi Eric, Mary Joy, and Mary,

Thank you all. I will have the barber pole taken down tomorrow, and I'll have the address permanently marked and clearly visible somewhere on the back. Eric my number is [9173318601](tel:9173318601). Let me know when you would like to get it. Best, Neal

Dear Mary Joy,

Thank you for all of this. Unfortunately, I won't be able to attend the meeting in person as I will be in New York the entire week. But, I will try and have someone there to represent the gallery. Mary said that she thought she could attend, as well. As I noted on the application, the barber pole is in terrible condition, the stripes are tearing apart, and it's a real eye sore. While I could remove it for repair, its presence would still be confusing to clients. That said, I would be very happy to replace it at the end of my lease. Again, thank you for all of your help.

Best regards,

Neal

The staff report and BAR agenda are attached. Note the change in meeting day this month – it will be on Wednesday Feb 17 due to Council meeting Tuesday.

I had a call from Eric Massie who runs a barber shop on Second Street NE- he would be interested in using the pole if the BAR approves removing it. That might be a good option.

Neal Guma, Applicant/Mary Leavell, Owner

Removing the barber pole from the front of the building

Dear Applicant,

The above referenced project was discussed before a meeting of the City of Charlottesville Board of Architectural Review (BAR) on March 15, 2016. The following action was taken:

**The BAR approved the application as submitted, with a letter of agreement (submitted to staff) between the owner of this building and the owner of a barber shop on 2<sup>nd</sup> Street NE, near central Place on the Mall, that there is an arrangement for the sign to be kept and fixed. The original address of the pole (105 3<sup>rd</sup> Street NE) should be marked inside the pole. Sarafin second. Motion passed (6-0-1, with Balut abstained.)**

This certificate of appropriateness shall expire in 18 months (September 15, 2017), unless within that time period you have either: been issued a building permit for construction of the improvements if one is required, or if no building permit is required, commenced the project. The expiration date may differ if the COA is associated with a valid site plan. You may request an extension of the certificate of appropriateness *before this approval expires* for one additional year for reasonable cause.
