Location and description of entrance

Miscellaneous descriptive information (plan, exterior and interior decoration, cornice/eave type, window type and trim, chimneys, additions, alterations)

Located on a well-shaded corner lot, no. 503 has a staggered facade and a veranda with decoratively sawn brackets. The weatherboards have been covered with aluminum siding, to the detriment of the house.

Historical information

According to the real estate records, this house may have been built as late as 1925, but stylistically it would seem to be earlier.
