Building History:

This two-bay, two-story, frame house with hardy plank siding was built in 2004. The current dwelling has a front-facing gable, asphalt shingle roof. Across the façade is a two-bay, two-story integral raised porch with a brick pier foundation, wooden side stair and chamfered wood posts and railing. The front-facing windows are 1/1 paired vinyl sash. The front of the lot has a concrete walkway lined in rusticated concrete block leading to the porch stair. There is a rusticated concrete block retaining wall and a privacy fence dividing the front and side yards from property behind the house.

Statement of Significance:

This house is not yet fifty years old.
