The paint color, Sherwin-Williams "Software" is appropriate. You may proceed.

Subject: Porch 101 West High

Hi Mary,

We need to paint our porch. It is concrete and used to be painted, then was covered in green turf. We have it back to concrete and would like to paint it grey. (the same color as the porch that is currently being painted one block away on 1st and Jefferson).

Do we need to get you a paint chip?

Thanks,
Brian

Hi Mary,

The paint sample we would like you to consider for our concrete porch floor at 101 W. High Street is enclosed. It is called "software". Sherwin-Williams

Thanks,
