Present Zoning: B-3
Land Area (sq.ft.): 207 x 163
Assessed Value (land + imp.): 47140 + 98640 = 145780

ARCHITECTURAL DESCRIPTION

The Michie Company print shop and bindery is a valuable survivor of nineteenth century commercial architecture. It was built in 1900 at a value of \$4000. The simple, two story brick structure is functional in design with large and frequent windows for light and ventilation and large areas of open floor space to accommodate the machinery. The building has a tin hip roof and hipped dormer windows. While the Michie Company has expanded around the 1900 shop, it has carefully preserved the character and integrity of its first building.

HISTORICAL DESCRIPTION

In 1900 the Michie Company purchased three lots on the northeast corner of East Market and Seventh Streets from the Carr family (DB 10-308). The print shop was erected in the same year and has continually served as their manufacturing department since then. The company, founded in 1897, is one of the leading publishers of legal publications in the south.
