

REPORT ON BOARD OF ARCHITECTURAL REVIEW MEETING

HELD ON JULY 25, 1989

Present:

Margaret Van Yahres
Larry Herbert
Jean Hiatt

Absent:

Robert Moje
Robert Freer
Don Sours
Douglas Gilpin

CERTIFICATE OF APPROPRIATENESS APPLICATIONS

1. BAR 89-7-329

414 Park Street - Repainting

Mr. John W. Zunka briefly explained that he is proposing to repaint his building at 414 Park Street from a beige to an off-white color with white trim. After a brief discussion, Mr. Zunka agreed to paint a test strip on the rear of his building for the Board to view to determine if the color would be appropriate. The trim on the building would be pure white.

2. BAR 89-7-330

427 Park Street - Tree Removal

Mr. Boger stated that there is presently a Silver Maple tree located in front of the building which has electric power lines going through its crown. Virginia Power will have to trim this tree back to accommodate the upgrade of the power system serving the area. As we understand this request, the property owner, Mr. Mickey, has indicated that he preferred to have this Silver Maple tree replaced with another spew of shade trees which would not grow quite as tall and interfere with the electric lines in the area.

It was agreed to let Virginia Power Company trim the tree back and then call Ms. Van Yahres to view it to determine administratively if it should be removed or retained. If this tree is to be removed, Ms. Van Yahres can also administratively approve the type of shade tree to replace the Silver Maple.

There being no further business to discuss the meeting was adjourned.
